Quotes by Elmo Roper from QuotationsBook.com

NULL

There is an urgent need -- in fact a national survival need -- for invigorating intellectual life, for upgrading the general regard for intellectual excellence. The United States must experience an intellectual renaissance or it will experience defeat. The time cannot be far off -- if indeed it is not already here -- when the strength of a nation, measured in terms of any kind of world competition, will depend less on the number of its bombs than on the number of its learned men.

-Elmo Roper
